STATEMENT UNDER 37 C.F.R. § 1.825

In reply to the Notice to Comply with Requirements For Patent Applications Containing Nucleotide Sequences and/or Amino Acid Sequence Disclosures that was mailed in connection with the above-captioned application on January 19, 2005 and as required by 37 C.F.R. § 1.825(b), enclosed is an amended Sequence Listing consisting of 2 sheets to replace the Sequence Listing that was present in this application prior to this submission.

The amendments made were required by the Office in the January 19, 2005 Notice to Comply with Requirements For Patent Applications Containing Nucleotide Sequences

and/or Amino Acid Sequence Disclosures. The amendment corrects classification of "Artificial Sequence" under "organism <213>" as required by the sequence rules. I hereby submit that the substitute sheets contain no new matter.

As required by 37 C.F.R. § 1.825(e), enclosed is a diskette containing a copy of the Sequence Listing in computer readable form, including all previously submitted data with the amendments incorporated therein. The contents of the computer readable form of the Sequence Listing are the same as the contents of the paper sheets.

If there are any charges or any credits, please apply them to Deposit Account No. 03-2095.

Respectfully submitted,

Date: 3/21/05
